Job Description

1. Technical Analyst - Trainee

We are a Google Partner Agency that believes that when the right set of people forms a team, they can achieve formidable things. India's Digital industry is going to grow 10-fold in the next 5 years and we intend to play a strong role in that growth. If you think you have the potential to pace up with a fast growth process driven organisation, we are waiting to hear from you.

JOB DESCRIPTION:

- You will be responsible for designing, implementing, developing, testing, and supporting the tagging solutions on our products to deliver accurate and scalable marketing data
- You will be responsible for implementing digital tagging for data capture to track digital marketing efforts to determine brand and campaign effectiveness
- You will develop and modify JavaScript code to execute web analytics best practices
- You collaborate & do thorough research to ensure implementation requirements were met
- You validate and debug implementations using GTM debugger
- You demonstrate an understanding, and proactivity in seeking new & innovative solutions for implementing code to capture the desired metrics and solve business problems
- You keep up to date with competitor information, tools, best practices and market trends; identifying business opportunities for organisations.

JOB REQUIREMENTS:

- Prior experience of working with platforms such as Google Tag Manager and Google Analytics is plus
- Proficiency in HTML, JavaScript, and jQuery
- Understanding of 1 or more debugger tools (Preferred chrome console, Alternatives: charles, chrome plugin debugger tools, etc)
- Highly analytical qualities with strong technical, strategic, and problem-solving skills
- Candidates who knows the basics of Android/iOS would be an add-on advantage
- Attention to Details

KNOWLEDGE / CERTIFICATION REQUIRED:

- HTML, JavaScript, jQuery, understanding of debugger tools, CSS (Knowledge GMP tools (Google Analytics, GTM, Firebase, Firebase is plus)

2. SEO Fresher

We are a Google Partner Agency and Google Tag Manager Certified Partner, driven by the belief that the right team can achieve extraordinary results. With India's digital industry expected to grow exponentially in the coming years, we are committed to being a strong contributor to this growth journey.

Job Summary

We are looking for a motivated and enthusiastic SEO Fresher who is eager to build a career in Search Engine Optimization (SEO) and digital marketing. The candidate will work closely with the digital marketing team to improve website visibility, increase organic traffic, and support overall online growth strategies.

Key Responsibilities

- Assist in keyword research to identify relevant search terms
- Support in on-page SEO optimization such as meta titles, descriptions, headings, and internal linking

- Monitor website performance using Google Analytics and Google Search Console
- Perform basic competitor analysis
- Help in creating and optimizing SEO-friendly content
- Track and report organic traffic performance
- Assist with technical SEO audits to identify website issues
- Coordinate with content and development teams for SEO implementation
- Stay updated with the latest Google algorithm changes and SEO trends

Required Skills

- Basic understanding of SEO concepts
- Knowledge of Google Search Console and Google Analytics is an advantage
- Familiarity with keyword research tools
- Good written and verbal communication skills
- Analytical mindset with attention to detail
- Willingness to learn and adapt quickly
- Basic knowledge of HTML/CSS is a plus
