4 LPA **Work Location**
Rajkot

Job Description

1) Junior Solution Specialist

- Assist in client coordination and maintain clear communication regarding project updates.
- Support bot monitoring activities and perform basic troubleshooting.
- Identify and escalate technical or operational issues to relevant internal teams.
- Help prepare documentation, reports, and status updates.
- Coordinate with cross-functional teams to ensure timely resolution of client concerns.

- Maintain records of client interactions and project progress.

What We Are Looking For

- A responsible and disciplined individual
- Strong coordination and follow-up skills
- Team player with a customer-focused mindset
- Eagerness to grow within the Customer Success domain

2) Business Development Executive (BDE)

- Identify and generate new business opportunities through calls, emails, and social platforms.
- Connect with potential clients and explain Kevit's solutions.
- Schedule product demos and meetings for the sales team.
- Maintain and update lead data in CRM tools.
- Follow up with prospects and nurture relationships.
- Assist in achieving monthly sales targets.
- Work closely with marketing and product teams.

What We Are Looking For

- Good communication skills.
- Confidence in speaking with people.
- Interest in sales and client interaction.
- Willingness to learn and take initiative.
- Positive and target-driven mindset

Skills Required

- Good verbal and written communication skills
- Basic understanding of technology and automation tools (preferred but not mandatory)
- Strong problem-solving and analytical thinking
- Ability to multitask and work in a fast-paced environment
- Proactive attitude with a willingness to learn
